And so, Ninkasi—the Sumerian goddess of fermentation—was selected as the name.

BROWN & STRONG ALES

A malty but hoppy beer frequently with chocolate and caramel flavors. The hop flavor and aroma complements and enhances the malt rather than clashing with it. An American style from the modern craft beer era. Derived from English Brown Ales, but with more hops. The perfect alternatives to Newcastle brewed for the modern consumer.

Golden Road Get Offa That Brown Ale

For our take on a more traditional English-style brown, we added trace amounts of smoked malt to emphasize the roast, while keeping the malt sweetness from lingering. Ninkasi Vanilla Oatis ratebeer 94

Characterized by a roasted front flavor, smooth rich oats, a touch of chocolate flavor, and a rich vanilla complexity imparted by whole vanilla beans. It is bigger than a traditional stout with more alcohol, body and a touch more bitterness to keep it balanced. It is a delicious oatmeal stout with just enough hops to balance the copious quantities of dark roasted malts, oatmeal for a creamy smooth drinkability, and whole vanilla beans for a rich complexity. To achieve this higher level of decadence, we added in whole vanilla beans to the final stage of fermentation – the same process we use to dry hop a beer.
